## October Birthdays

If you were born between October 1–22, you balance the scales of Libra. Libras are very social, seek harmony through compromise, and have strong powers of critical thinking. Those born between October 23–31 are passionate Scorpions, considered the most intense sign in the zodiac. While on the outside Scorpions are calm and composed, inside they are forceful, emotional, determined, and ambitious.

### Don Baken

Don was born on May 28<sup>th</sup> and grew up in Thief Rivers Falls Minnesota. He has one sister but says that he was the “golden child.” Growing up he loved to fish, camp with the scouts, and play ice hockey. Hockey was a big deal. He won a lot of games but never a championship. Later he married his wife, who he had been married to for 66 years, and together they had three kids. We asked Don if he had any life advice for us and he told us to listen to our parents because they've been through life and have made mistakes that we can learn from.
