Resident of the Month

Jean Watts

Jean was born on July 1st and is an only child. Her favorite memories as a child mostly revolve around Christmas. Jean loves Christmas! She said she loved to be around her family during the holidays and she remembers being spoiled because she was the only child. Jean later married her husband who she says was a great guy. He loved to tinker around and always stayed busy. Together they were blessed with three kids, a son and two daughters. Even with Jean's strong bond with Christmas she stated that her favorite season is Spring. Spring means the cold weather is about to warm up and there are plenty of flowers to pick. One piece of advice that Jean gave us is, "always love each other, always, because life is too short."

November Birthdays

Those born between November 1–21 are passionate Scorpions, considered the most intense sign in the zodiac. While on the outside Scorpions are calm and composed, inside they are forceful, emotional, determined, and ambitious. If you were born between November 22–30, you are Sagittarius, the Archer. Archers are optimistic, energetic, generous, and honest. They enjoy exploration and keep an open mind during new encounters.

Mary Ann Macormic

Mary Ann was born on October 28th and grew up in Independence, Missouri. She went to Northeast High School then to Southwest Baptist College, which is where she met her husband. Together they had seven kids who Mary Ann raised all on her own. Over the years her children have given her many grandkids, which she loves because there's a lot of love to spread. If Mary Ann had a superpower, she said she would want to sleep until she gets younger. Her favorite thing to do is sleep!

Resident of the Month

Jean Lincoln

Jean was born on January 1st and was raised in Liberty Missouri. As a child Jean enjoyed spending time with her family at their family farm. Her dad had three farms, and they would go there to hang out, have picnics, and tell stories. Her two passions were singing and swimming. She sang in two different bands and could swim the length of a college. She was married to her husband, “Mr. Lincoln,” for 58 years. The two met when they were children and were high school sweethearts. Together they had 4 kids which led to many grandkids and great grandkids. Jeans’ favorite food is spaghetti. Just spaghetti though, she doesn’t like meat in hers. If Jean had a superpower, she said she would want to be able to heal. Heal bodies, feelings, and everything because the world needs it.

The Youth Choir that visited us twice last month is going to continue to come and bless us with their music. Join us in Main Street on Wednesdays at 3:00pm in November
