## Letha Cobb

Letha was born on September 11<sup>th</sup> and grew up on a farm in Tipton Missouri. Letha had a twin brother named Lee, two other brothers and three sisters. As a child she remembers loving playing with her older sister and walking four miles to Church and back. She then got a college degree, married, had five kids, and then went to work as a nurse in a hospital in Excelsior Springs, Missouri for six years. Letha's favorite thing to eat is chocolate and told us that in life people should just love and spend time with their family.

## May Birthdays

Those born between May 1–20 are Bulls of Taurus. Bulls show a steady persistence in both professional and personal endeavors. After working hard, they like to reward themselves for a job well done. If you were born between May 21–31, you are a Twin of Gemini. Geminis make communicative and lively companions. Intellectual and imaginative, they are the ones to sit near at a party.

## Lois Broussard

Lois was born on December 2<sup>nd</sup> and grew up locally in Kansas City Missouri. She is the oldest of two brothers and remembers loving to go to her grandparent's house in Iowa each year for a week or two. Lois's favorite food is fried chicken from Popeyes, she states that "they're number one out of everyone!" We asked her what advice she would give the younger generation and she told us that we should listen to our parents because they are wise and know what they are talking about.
