Resident of the Month

Donald Hardekopf: Assisted Living

Donald, who was born on March 2nd, is the only boy of seven siblings. He has six sisters! Growing up Donald loved to ride his bike, which he bought with his own money from the lawns that he mowed. He then spent 21 years in the Air Force doing air traffic control. Donald and his wife Dixie together had three boys, and lived out in the country in Nashville, Illinois. If he could give one piece of advice to the younger generation, it would be to listen to your parents because they will guide you to do right.

Vicki Cole: Independent Living

Vicki was born on July 16th and grew up in North Kansas City, Missouri. She is the youngest of three children and growing up remembers loving to play outside with them until it was dark. Vicki attended college and worked in accounting for a building supply company. She has one son, who is a police officer, and has three grandkids. Vicki's grandkids have her heart! She stated that if she had one superpower it would be to fly like superman so that she could fly to see her grandkids.

March Birthdays

Those born from March 1–20 are Pisces, the Fish. Like fish, Pisces like to go with the flow in an easygoing manner, but on the inside, they are intuitive, intensely spiritual, and deeply emotional. If you were born between March 21–31, you are Aries, the Ram. These independent adventurers like to strike out on their own and are natural leaders. Their enthusiasm and confidence mean they have big and outgoing personalities.
