

Resident Spotlight

Anne Rood

This month, we are delighted to recognize Anne Rood as our Resident of the Month! Anne grew up near Buffalo, New York, in Rockport and was an only child. While in high school, she worked at a flower shop, and after graduation, she spent one year attending Cornell University. Anne then married and began an exciting new chapter when she moved to Germany, where her husband was assigned. Over the years, Anne has enjoyed many special memories, including cruising around in her Chevy convertible! One of her most beloved pets was a German Shepherd named Heidi, and when it comes to sports, football is her favorite. Anne is the proud mother of two sons and grandmother to four grandchildren. These days, you can often find her enjoying one of her favorite activities, Bingo! Above all, Anne loves being surrounded by family, laughter, and a fun environment. We are so happy to celebrate Anne and all the wonderful memories and joy she brings to our community!

Employee Spotlight

Stephanie Baker

This month, we are excited to shine our Employee Spotlight on Stephanie Baker! Stephanie grew up in Kansas City, Missouri, and is the youngest of three children, with one brother and one sister. Service runs in her family, as her dad was a firefighter for 28 years and her sister is a police officer. Stephanie attended Staley High School and is currently continuing her education at Metropolitan Community College. Her longest-running job has actually been dog sitting, which is no surprise considering her love for animals! While she doesn't have any children, she is a proud cat mom to Eddie and Gandalf, who clearly hold a very special place in her heart. Stephanie's favorite sport is rugby, and she even plays when it is in season. In her free time, she enjoys drawing, singing, playing guitar, and spending time with friends. One of Stephanie's favorite things about working here is getting to see all of our residents' beautiful faces each day. We are so happy to have Stephanie as part of our team and appreciate the energy, creativity, and care she brings to our community!
